In the Office Action, the Examiner requires under 35 U.S.C. § 121 that Applicant also elect a single disclosed species from among four purported species for prosecution on the merits and to which the claims shall be restricted if no generic claim is finally held to be allowable. In response to this requirement, Applicant hereby elects Species 1, which the Examiner identifies as being the embodiment described in Example 1 of the present application. Claims within Invention Group I that read on the embodiment described in Example 1 include at least claims 1-5, 7-13, 15-22, 25 and 26.

Applicant believes that the elected claims are in condition for allowance and, therefore, respectfully requests issuance of a Notice of Allowance at an early date. Should the Examiner, however, conclude that the elected claims are other than in condition for allowance, Applicant requests that the Examiner contact the undersigned so that the Examiner's concerns may be addressed expeditiously.

Respectfully submitted,
